

## Family Physical Traits

### The Branches of My Family Activity Sheet 1

These photographs are of some of the members of the Blundell family who lived in Blundells Cottage. Look carefully at each person's eyes, ears, lips and chin. Can you identify any physical features of this family that were passed down through the generations?

Using the images of your family as a guide, draw a picture (on the back of this activity sheet) of how you think they might look in 20 or 50 years' time.

Bring in photographs of you and members of your family. These photos can include your parents and/or grandparents. Have a look at what physical features have been passed on to you. Even though some features may be similar in your family, each one of us is unique and special.

Joseph Lyle Blundell  
(at 52 years old)  
(1888 - 1949)

Flora Susanna Blundell  
(at 16 years old)  
(1875 - 1892)

Herbert Blundell  
(at 12 years old)  
(1882 - 1957)

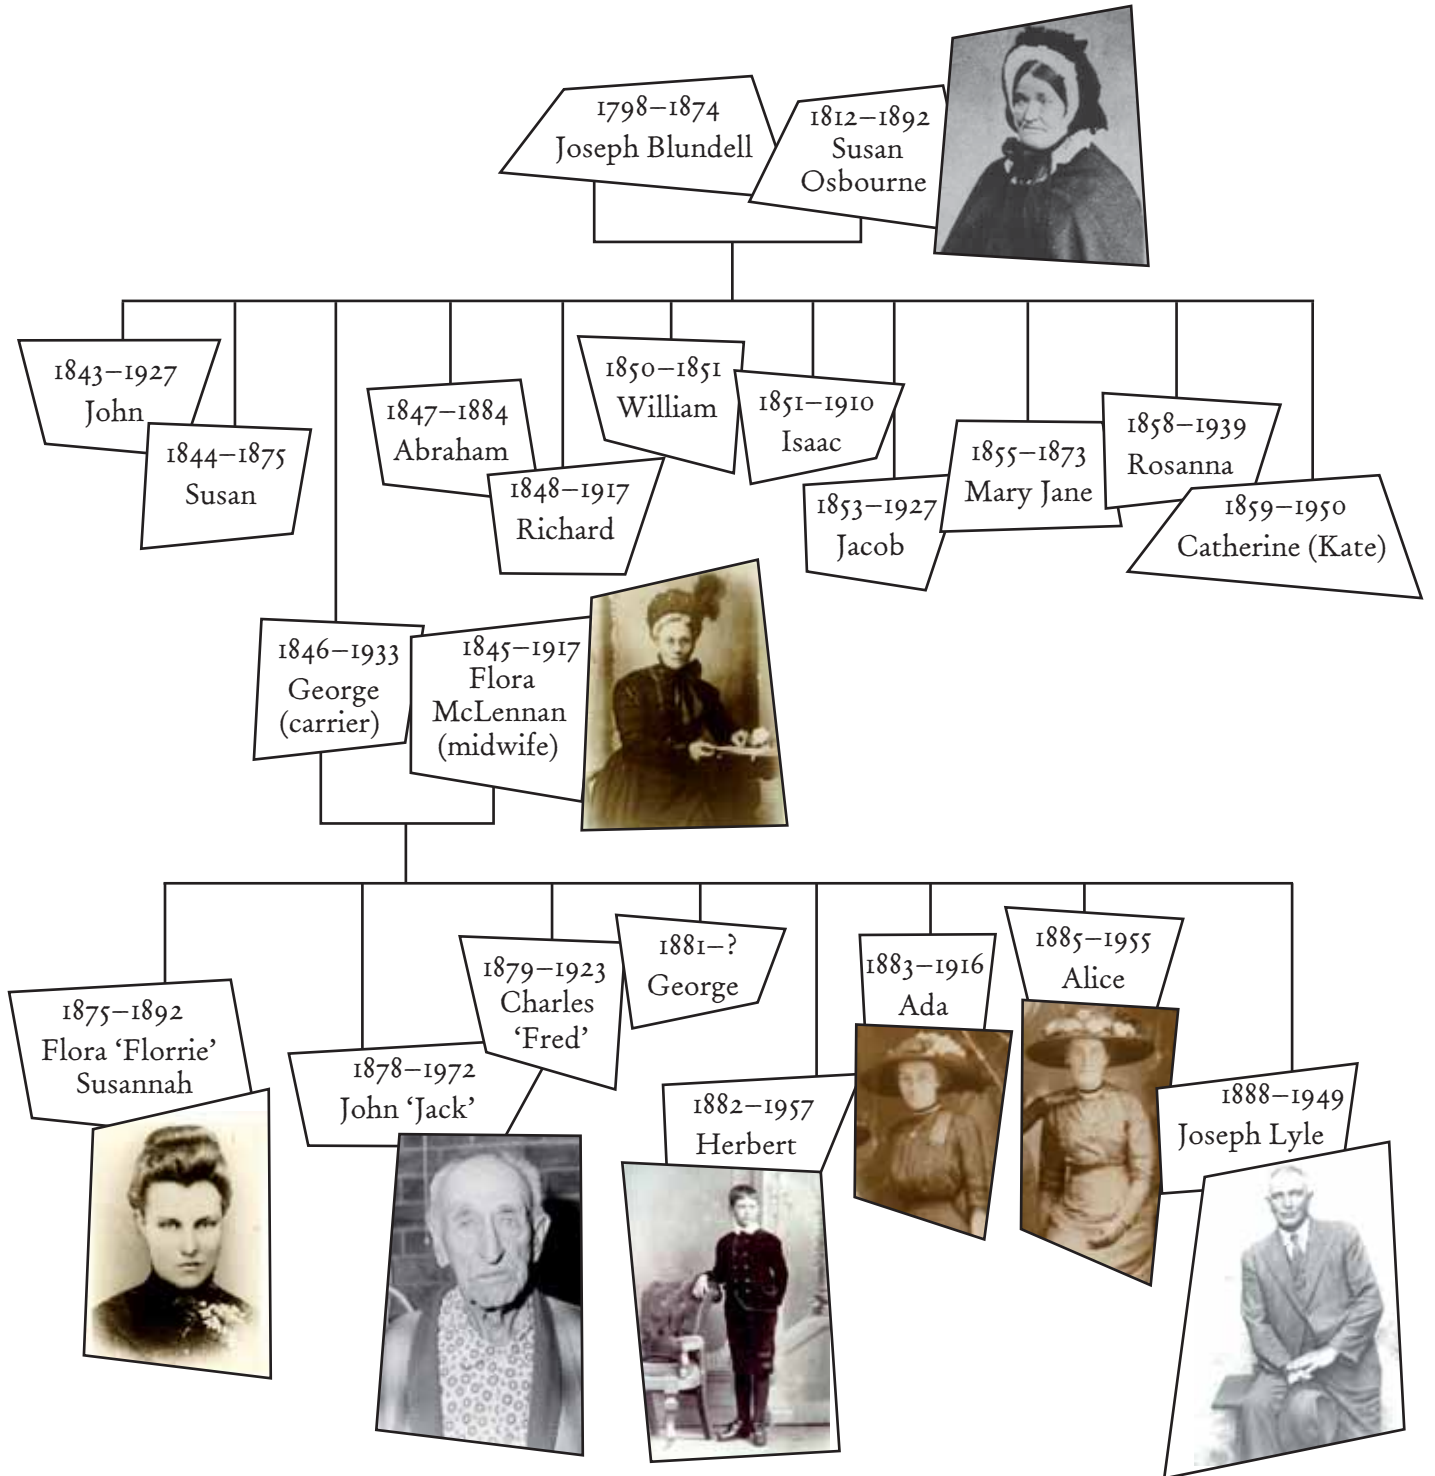

John Blundell  
(at 91 years old)  
(1878 - 1972)

Flora McLennan (Midwife and  
mother of the Blundell family  
that lived in Blundells Cottage)  
(1845 - 1917)

Activity Sheet 2

## Make Your Own Family Tree (Middle Primary)

The Branches of My Family  
Activity Sheet 3

Using the family tree form write down your own name, then the names of the members of your family, and then expand your tree by listing your grandparents.

Using the information that you have collected, you can now make a real family tree!

You will need:

- Large sheets of paper or cardboard
- Brown paper for the trunk of the tree
- Green paper for the foliage of the tree
- Red paper for the fruit of the tree
- Scissors
- Glue sticks
- Pens/pencils

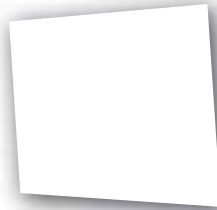

**1** Cut out the shape of a tree trunk with some branches using the brown paper. Cut out some leaves using the green paper. Glue the tree and its leaves on to the large sheet of paper or cardboard. Alternatively, you might prefer to draw and/or paint the tree.

**2** Cut pieces from the red paper in the shape of apples. Each apple will have the name of a person in your family. Cut enough apples for all of your family members.

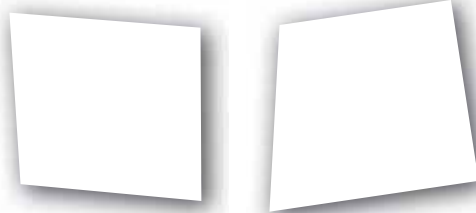

**3** Write the name of each person in your family tree on to an apple. Next to the name, you can glue on a photo or drawing of that person.

**4** Glue the apples on to the tree on the same level of the tree as the person is on the family tree form.

## Create Your Own Ancestry Chart

(Upper Primary)

The Branches of My Family  
Activity Sheet 4

The information you have researched  
(from home and other relatives) will now be  
transferred into a family ancestry tree chart.

You will need:

- Copies of the **semi-circular ancestry chart**;
- Pens/pencils/textas.

Record the names of your family  
members onto the ancestry chart,  
and decorate the chart. This  
can include photographs and/or  
drawings of your family members.

# Ancestry Chart

**I** Name  
Born (date & place)  
Married (date & place)  
Died (date & place)

**2** Name  
Born (date & place)  
Married (date & place)  
Died (date & place)

**3** Name  
Born (date & place)  
Married (date & place)  
Died (date & place)

**4** Name  
Born (date & place)  
Married (date & place)  
Died (date & place)

**5** Name  
Born (date & place)  
Married (date & place)  
Died (date & place)

**6** Name  
Born (date & place)  
Married (date & place)  
Died (date & place)
